## About Us

*Tiffany's is an award winning venue established in September 2014. In April 2019 we were honoured with the "Venue of the Year" award at the Inaugural Events Industry Awards of 2019 in association with Classy Zim Weddings.*

*Tiffany's offers an indoor reception venue featuring a main ballroom (reception seating area), banqueting hall (buffet area), bar lounge, immaculate lady's and gent's restrooms, basic kitchens, a bridal changing suite and a honeymoon suite. The beautiful surrounding gardens are available for ceremonies, cocktails and photographs, with four different well-manicured areas to choose from.*

*The ballroom and buffet hall feature white satin fabric lined ceilings and fixed crystal chandeliers. The ballroom area also features white satin curtains all around the room.*

*Tiffany's has an inbuilt "band stand"/stage in the ballroom for a live band to play from or for the sound provider to be positioned.*

*There is a specially designed area, in the ballroom, for the cake to be displayed in with its own crystal chandelier above it.*

*The ballroom and buffet hall each have unique water wall features that were designed in to add "wow factor".*

*The bar area is just as elegant and designed with non-electricity dependent concrete basins under the bar counter for drinks to be stocked in and kept chilled with ice blocks.*

*The kitchen is basic but provides ample counter space, a chest deep freezer and washing up points. The water supply runs from a borehole and is therefore safe for all intended purposes. Most caterers that we work with opt to deliver the food ready to serve on the day of the event. Finishing touches like making of salads and filling chaffing dishes, washing up utensils, cutlery and crockery are attended to in Tiffany's kitchen space. However, if caterers do wish to cook on site, on the day of the event, they will be required to bring in their own gas stoves and equipment (please note that open fire cooking is not permitted at Tiffany's).*

*The bridal suite/changing room provided is, in fact, a three roomed suite. One room is a staged bedroom area with a dressing table for the Bride to have her make-up and hair*

*touched up at if necessary. This section is also popular for pre ceremony photos of the Bride and her Bridal Team. The second room is a restroom specifically for the Bride to utilise throughout the event. The third section of the suite provides a large full length mirror and a hanging area for changes in clothing.*

*Tiffany's honeymoon suite is tastefully decorated and boasts a beautiful brass bed-knobbed queen size bed with a unique private garden area and a luxurious Jacuzzi in the en-suite bathroom.*

*Tiffany's aims to also consider the service providers requirements in our facilities and therefore provides a restroom specifically for service providers, as well as a lockable store room for storage of equipment upon delivery or prior to collection. There is an offloading bay situated at the back of the venue near large double glass doors for ease of setup and dismantling. Also a large plumbed in metal bath is provided at the back of the venue for fresh flowers to be kept in while arrangements are being created.*

*The restrooms provided at Tiffany's are certainly adequate to maintain our maximum capacity of 400 guests. There are indoor restrooms located on both sides of the ballroom providing a total of six lady's cubicles and three gent's cubicles as well as three urinals. The garden area also provides one lady's restroom and one gent's restroom for use during the ceremony and cocktails.*

*Tiffany's gardens are natural and seasonal but well-kept and irrigated by a dedicated borehole to keep as green as possible all year round. There are at least four different areas to choose from for ceremony and cocktail setups, each area with its own unique setting. There are many ponds and water features throughout the gardens as well as special hidden areas for photographs.*

## *Terms & Conditions*

*You would be required to outsource your preferred caterer and bar service, media providers, florist, hire and decor suppliers (for tables, chairs, table linen, table décor/accessories, lighting, cutlery, crockery and glassware), musical entertainment and co-ordinator services. We have a recommended service provider list for your consideration and we strongly encourage our couples to choose verifiable professionals if not utilising the services of those we recommend.*

*Your chosen caterer may use our kitchen space to prepare your meal provided they bring their own gas stoves to cook on. Please note that we do not permit open fire cooking at our venue. Alternatively, your caterer may bring the meal ready to serve. We have a deep freeze available from the morning of the event for storage of ice and ice-cream only. Drinks may be kept in the large concrete basins provided behind the bar. You would be required to provide the ice to keep the drinks cold.*

*Guest numbers above 350 to the maximum of 400 may only be seated adequately by hiring long banqueting tables. Hiring of round or square tables will not be allowed for this larger number of guests as there would be restriction of easy movement between tables and immediate access to fire escape doors.*

*Should you require entry to be controlled by guest list or invitation only, it will be necessary that you provide two ushers to be stationed at the gate with our attendant for this purpose. Please kindly inform your MC to announce that guests going out, with the intention to return, must be sure to have their admission tickets with them to show our gate attendant for re-entry.*

*Tiffany's is available from the day before the function for set up and ceremony rehearsal between 7am-5pm.*

*Dismantling and collections may be carried out immediately after the function and/or on the following day between 7am-5pm.*

*Tiffany's is strictly non-smoking inside.*

## Testimonials

We were wowed beyond our expectations, the outdoors of the venue was simply amazing... the grass was well maintained, trees everywhere, it had the feel of a classy wildlife resort with breath-taking views.

The staff was organized, friendly and very helpful. The bridal team facilities and honeymoon suite were immaculate and beautiful, like a hotel should look. The hall was simply stunning, with clean white walls and quality draping on the ceiling and walls. They even had an indoor pond, a water wall and a fountain!

Tiffany herself was the cherry topping of the entire experience and event; she's fun, amiable and was a joy to work with. We did not need to worry about a single thing throughout the entire event because of her.

We give this place 10/10 without hesitation!

Tafara & Tatenda – 27<sup>th</sup> August 2016

My experience with Tiffany's venue was one I will remember for a long time to come, from when I walked into the venue, I knew that my search had ended.

This is an awe inspiring property that reflects the essence of beauty and elegance all in one, from the super white tiles to the beautiful ceiling drapes, Tiffany's venue is perfection.

We can't thank you enough for everything you did for us to make our wedding day so special. You and your staff all went above and beyond to ensure that everything was perfect and according to what we had asked for, nothing was ever too much trouble. Everyone had the best time and we continue to receive so many compliments about our venue choice. It is indeed such a beautiful venue. Thank you again for everything.

Faith & Tinashe – 3<sup>rd</sup> June 2017

We had our wedding on December 16th 2017 and absolutely loved our venue. We live in the USA and didn't have time to go around looking at different locations. Our parents volunteered to help & stumbled upon Tiffany's. They both raved about how beautiful the location was. Our mother sent us some lovely pictures of the landscape as well as the interior where we would hold the reception. We fell in love with it immediately.

We met with Tiffany a couple of days before the wedding & she gave us a tour. The place was very clean and well groomed. The reception hall was huge and had more than enough room for all of our guest. The venue has a lovely indoor mini pond, which adds a nice touch to the overall look. There are enough bathrooms for guests and the bar area is in a perfect location.
